Maximum HP	150hp	
Recommended HP	150hp	
Max No. Persons	6	
Fuel Capacity	160L	

Note: All heights, lengths & widths are based on an applicable CruiseCraft trailer.

**Not too big... not too small... but just right! The Explorer 575 is a mid-range sports fishing boat, big on features and big on performance. When you leave the ramp and head towards the ocean for a day's fishing, you'll want for nothing aboard the Explorer 575.**

Check the equipment, the layout and the incisive design features and you'll quickly appreciate that Explorers are designed and built for fishermen. The Explorer 575 model retains a generous sized cockpit that is flat, broad and stable for extreme angling action.

This is the model which can take you way offshore to the reef, or power across the waters of the biggest inland lakes and estuaries. The Explorer 575 has an incredibly strong construction designed with blue water and green seas in mind. Our dry riding deep vee hull comes right in to its own when the going gets rough.

And when the conditions do chop up and you need to rest and regroup, the cuddy cabin provides the perfect place to gain some respite from the conditions.

Everything about boating with the Explorer 575 is easy. Easy to fish from, easy to handle and easy to launch, it's a boat which will delight you.

## KEY FEATURES
