Go all out, go for top of the range... go for the CruiseCraft Explorer 685. This is the 'big daddy' of the CruiseCraft range, a boat that gives families and serious fishing enthusiasts the ultimate platform for bluewater fishing.

With the Explorer 685, you can match it with the best anglers on board the dedicated game boats. Who would have thought that pound for pound, the trailerable CruiseCraft Explorer 685 could match it with the big boys of the ocean.

A proven CruiseCraft hull and exceptional deck design provides an even bigger fishing cockpit while a sliding lockable cabin door ensures ample room for overnight accommodation.

Boasting a pure CruiseCraft pedigree, the Explorer 685 is available with single or dual engines and is considered the benchmark for offshore fishing trailerboats in Australia.
